Our methodology

How

We'll be working with a communicative approach (when I express myself, what do I say?). We invite you to put into action in your everyday life what you have learned in class, which will enable you to progress in your use of French in interaction.

Learning a language means making a commitment not only intellectually, but also emotionally and psychologically. FTC's French language course is therefore a safe place where you can freely share your questions, your difficulties, your doubts and your successes. This is our way to in an action-oriented approach.

Material

During these two levels, we'll be using the "*L'atelier + B2*" textbook. This manual is in line with the latest advances in language teaching proposed by the CEFR. In particular, it incorporates the notion of mediation.

Course description

Course objectives

Level B2 at FTC Paris is designed to prepare you for level B2 and B2+ with “Intense Plus”. Once you've reached this level, you'll be able to express your thoughts in French with greater precision, and your opinions in French with greater mastery of argumentation. Two other key points stand out: better management of social interactions and greater sensitivity to the French language.

During this three sessions, we will continue to pay a great attention to pronunciation and start to understand the basic of rhetoric in French.

Learning outcomes

At B2 level, we'll be dealing with issues that concern French society in particular, but also issues that concern the whole world. We'll be looking to take a stand, either for, against or without an opinion. The aim is to develop the ability to articulate detailed and nuanced arguments, reflecting critical and informed thinking. You will also talk about yourself and your personality in even greater detail.

This mastery enables you to participate actively in discussions, in French, on a wide range of subjects from the environment to politics, with the help of the sciences (social, natural, ...) and the arts. Just like a French.

3.2	Written interaction	Overall

- express news and views effectively in writing, and relate to those of others. **[B2]**

4	Mediation	Overall
----------	------------------	----------------

- work collaboratively with people from different backgrounds, creating a positive atmosphere by providing support, asking questions to identify common goals, comparing options for how to achieve them and explaining suggestions for what to do next **[B2+]**
- further develop others' ideas, pose questions that invite reactions from different perspectives and propose a solution or next steps. **[B2+]**
- convey detailed information and arguments reliably, e.g. the significant point(s) contained in complex but well-structured texts within your fields of professional, academic and personal interest. **[B2+]**
